

THAMES, COROMANDEL, HAURAKI ACCOMMODATION DIRECTORY

This directory is a joint project by the Thames Community Centre and Age Concern Thames.

The Accommodation Directory is a joint project by the Thames Community Centre and Age Concern Thames in response to the increase in demand for housing whether that be permanent, temporary or emergency housing. The list covers a range of types of accommodation including rest home and retirement villages. The list is not exhaustive and is comprised of accommodation from the Thames-Coromandel District and Hauraki District. Please note that some places that provide accommodation did not wish to have their details listed. If anyone provides accommodation and would like to have their details listed please contact the Thames Community Centre. This guide is up to date as of December 2015.

Thanks to all those who contributed.
